

Download Panopto Software from the Web Site

If you have not already downloaded the Panopto software, you may access it from the website at <http://rochester.hosted.panopto.com>. The following screen should appear:

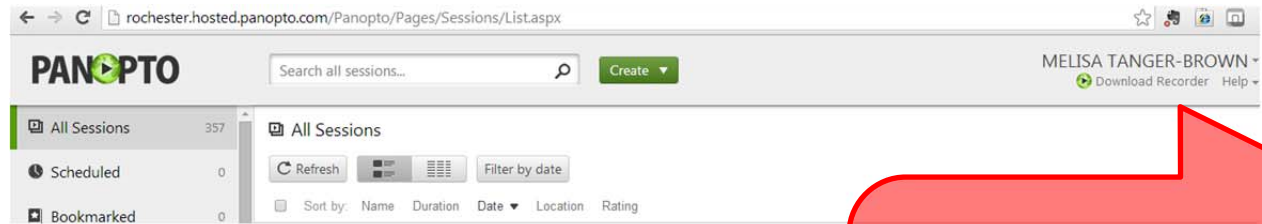

A screenshot of the 'User Sign-in' form. The form has a title 'User Sign-in' and three input fields: 'Sign in using', 'Username', and 'Password'. The 'Sign in using' dropdown menu is open, showing three options: 'Panopto', 'BlackboardLearnQA', and 'Blackboard Learn'. The 'Blackboard Learn' option is selected and highlighted in blue. Below the input fields is a checkbox labeled 'Keep me signed in'. At the bottom of the form is a 'Sign in' button and a link for 'Forgot your login details?'. A red callout box is overlaid on the form, containing the text: 'Select 'Blackboard Learn' then click "Sign in"'. At the bottom of the form, there is a small text block: 'We use cookies to remember your preferences and measure how our site is used. By continuing to browse this site, you are agreeing to our use of cookies. [Learn more](#)'.

Select 'Blackboard Learn' then click "Sign in"

Log in with your Blackboard credentials (NetID). If you are already logged into Blackboard in the same browser, this step will be skipped.

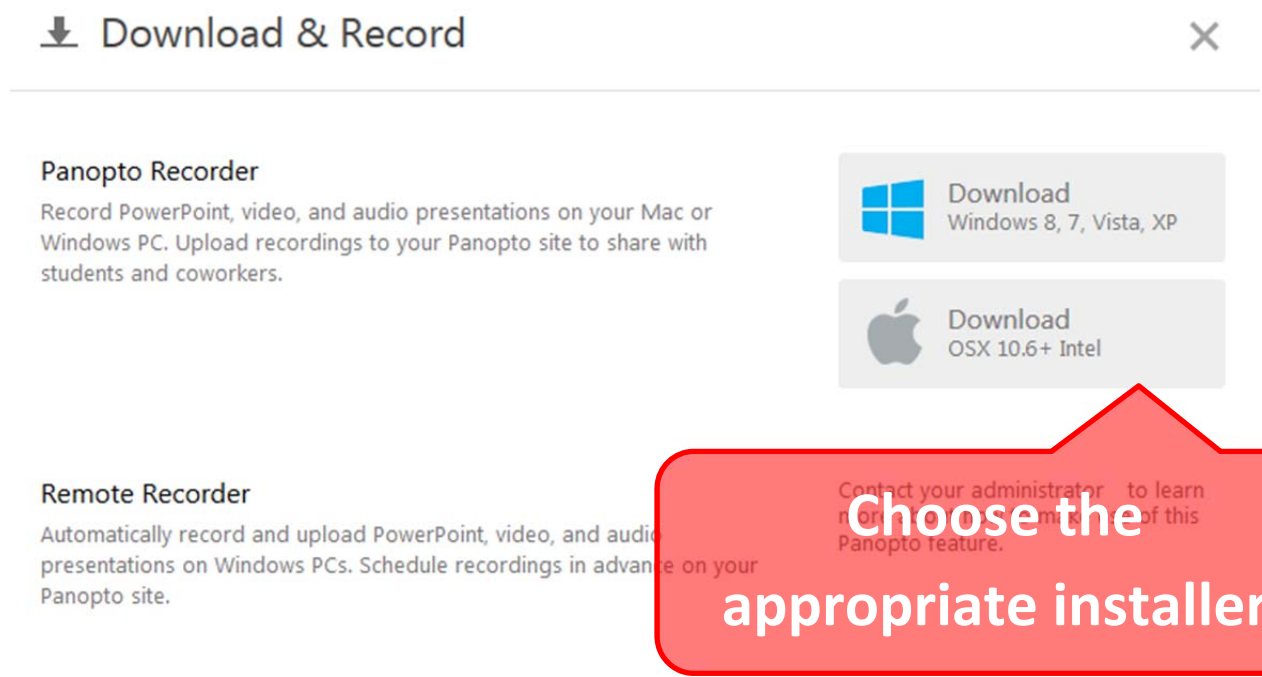

Once you have logged in successfully, you will see a screen similar to the one below. Click 'Record' to begin the process of downloading the software.

Click 'Download Recorder'

You will need to have the "Panopto Recorder" on your computer before you can make a recording.

On a PC, save the software to the desktop of your computer, so that it can be easily located when you proceed to installing the software. On a Macintosh, the installer will automatically go into the 'Downloads' folder.
