

How to Uninstall Intune

IMPORTANT: Removing the Company Portal app will also remove any app downloaded via the Company Portal.

On an Android device, you can view the Work Profile to see which apps have been downloaded from the Company Portal.

Uninstall Intune for Android

- 1. Open the **Company Portal app**.
- 2. Tap the **Menu icon**.

3. Tap Remove Company Portal.

- 4. You are prompted by a popup asking if you are sure you want to remove the Company Portal app. Tap **OK**.
 - Removing your device may take a few minutes.
 - If you have more than one device enrolled, you will need to select the device from the list.
