Storage Solutions for Researchers

Rochester Box (UR Box)

Brief Description	Share and collaborate online with both internal and external users. Sync with your computer and other devices. Manage access and document rights closely.
Example Use	Online, real-time collaboration and sharing of "low velocity" data with others.
Cost	Free for University of Rochester users
Capacity	• 50 GB file size limit • 5 TB Storage limit • No limit to the number of files
Access and Collaboration	It can include non-UR users. The owners control sharing options, including edit and view rights; file and folder level controls available
Data Allowed [Research Data Security Classifications](#)	• Public data • Moderate risk data • Confidential or restricted / high-risk data • FERPA-protected data • HIPAA-regulated data
Durability (protection against data loss)	High Automatic file versioning keeps 100 most-recent versions
Availability (protection against down-time)	High Software and hardware architecture provide availability through routine maintenance windows and infrastructure failure.
Technical Complexity	Low Typically, no IT help needed. User-help videos are available for advanced options.
