

# SUMMER TIPS

FOR KEEPING YOUR INFORMATION SAFE WHILE TRAVELLING

- 1. Be Cautious of Public Wifi**  
Public Wifi is not secure, information is easily accessible.
- 2. Avoid Posting Vacation Plans**  
Posting specific times and locations could lead to theft at home.
- 3. Secure Your Mobile Devices**  
Lock your device with a security code.  
Enable GPS tracking to locate a missing device.
- 4. Protect Your Personal Computer**  
Keep all software, including antivirus, up to date.
- 5. Monitor Your Account Activity**  
After returning home, check bank accounts for unauthorized activity.
