

COMING TO YOU IN 2020

Get Ready for UR Student!

Coming next year, there will be a new way to perform select, fundamental activities for incoming and existing students at the University of Rochester. This includes registering for classes and completing onboarding activities, all available in one cloud-based system at the University of Rochester, and beginning July 2020, students will also be able to check their student financial account.

What's new?

- A new way to register using your laptop, tablet or phone!
- System notification to remind you of registration events and completion of onboarding documents for new and existing students
- Integrated online bill pay and account status at your fingertips
- Viewing final grades
- Students can set up parents, or another, for bill pay support

What will remain?

- Course evaluations will continue in the system your school uses.
- Blackboard will continue to be the Learning Management System for the institution.

Note: Final course grades will only be accessed in UR Student.
